

4.4.2 There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

The library at Visakha Institute for Engineering & Technology is always stocked with periodic and distinctive literature for the benefit of its students. The faculty members go to symposiums, attend workshops and fairs where they pick up material that they consider will be advantageous. This allows for the college to generate an assortment of rare books, manuscripts and special reports.

The library has been assembled to maintain matchless criterions. Specialized throngs of Books, Journals & Non-book materials are available in Basic Sciences, Engineering and Technology, Humanities and Social Sciences. Retorting to the fluctuating needs of the academic community by including the faculty, the students and the administration in the improvement and episodic assessment of the library facilities and resources. Providing library users with point-of-use instruction, personal support in steering literature research and other reference amenities. It also offers an environment favourable to the optimum use of library materials and a suitable schedule of hours of service and proficient assistance. Participating in overall computing resources plan and providing for full library operation of automation technology, physical facilities and equipment adequate to process, register and stockpile the materials
